Needleweaving Workshop

On Sunday, October 8, we were able to host fiber artist, Joanne Staley with a grant from the Arts Council of Wyoming County. Ms. Staley led a workshop on a fiber art technique she calls needle weaving. Using various fibers such as yarn, twine, thread, and even wire, needle weaving allows the artist to create textured multi-dimensional pieces.

Joanne has had an extensive career teaching art in various capacities, including as “Artist in Residence” for the State of Alabama Arts Council. Her work has been exhibited at major universities throughout the southern United States.
